## THE LAKE JOZINI EXPERIENCE

Soak up the stunning scenery of the Lebombo Mountains and superb wildlife of the Pongola Game Reserve on the shores of Lake Jozini (also known as Pongolapoort Dam).

Enjoy the calm serenity of the open Lake Jozini waters, the thrill of Tiger Fishing or the adventure of Mountain Biking in the heart of the Zululand bushveld!

Shayamanzi is about taking time out to appreciate Africa's special wonders.

The unique sand forests and grasslands of the Tembe Elephant Park are home to the largest tuskers in southern Africa. These giants are joined by 250 of the largest elephants in the world to form the last remaining indigenous herd in KwaZulu-Natal. With the help of our experienced guides, you'll find yourself following in the footsteps of the biggest land mammals on earth. Here, nestled deep in a pristine game reserve in northern Zululand, guests experience a complete safari experience right in the heart of the bush. With morning birdsong, daily elephant sightings, and the roars of lion at night, it's an opportunity to immerse yourself in the timeless beauty of unspoiled Africa.

## ONCE IN A LIFETIME SIGHTINGS

As a Big 5 Game Reserve, Tembe boasts lion, leopard, elephant, buffalo, and both black and white rhino, as well as a host of other animal species, including buck, zebra, giraffe, warthog, and the rare suni antelope; one of the smallest and shyest species of buck in South Africa. With over 340 bird species, many of which are at the southern limit of their range, Tembe provides the perfect opportunity for birders to view some of southern Africa's most sought-after birds. Our guides use their extensive knowledge of the park and its flora and fauna to help you experience closer, more personal animal interactions on game drives.

## EXPANDING HORIZONS

Tembe, as part of the Tembe-Futi-Maputo Transfrontier Park, is committed to expanding the “Golden Horseshoe”; a vast arc of protected land stretching from the Indian Ocean coast of South Africa, through Mozambique, Zimbabwe, Botswana and Namibia to the western shore. As it sits on the border between South African and Mozambique, Tembe is perfectly placed to play a vital role in conserving this land and restoring the ancient territories of the elephants, giving them back the freedom to follow their natural migration patterns throughout southern Africa. Visit Tembe and see how you can be part of our vision.

## A TASTE OF AFRICA

At Tembe, our attentive staff serve up generous portions of wholesome bush cuisine. Dine by starlight to the sounds of the nocturnal animals coming alive, relax by the roaring bonfire, or take in the traditional dancing and acapella isicathamiya singing. While its bio-diversity is managed by Ezemvelo KZN Wildlife conservation service, the land that makes up Tembe Elephant Park has been owned for centuries by the Tembe tribe. The Tembe people are still actively involved in the running of the lodge, and are eager to share their expertise, history and unique perspective on the wilderness.
